## SUMMER SESSION

## 1948

West Virginia Wesleyan College conducts annually a twelve-week summer session, consisting of two terms of six weeks each. The summer session is of special interest to (1) teachers in service in public schools, who find it advantageous to raise their level of certification, or necessary to renew present certificates, (2) veterans, who are eager to complete as soon as possible their studies interrupted or delayed by World War II, (3) other students pursuing an accelerated program, and (4) entering freshmen.

## TWO TERMS

The first of the two summer terms for 1948 begins on May 31, and ends on July 9; the second begins on July 12, and ends on August 20. Students may attend either term, or both.

## ACCELERATION

West Virginia Wesleyan College affords students an opportunity to complete their studies in as short time as may be consonant with thoroughness. Many students, especially veterans and others whose studies have been interrupted or delayed by World War II, welcome a soundly accelerated program.

By offering two 16-week semesters and two 6-week summer terms annually, West Virginia Wesleyan College makes it possible for a student to earn from 44 to 48 semester hours of credit per year, and to complete a degree course in three years or less.

High School graduates intending to enter college in 1948 are advised to enter at the beginning of the first summer term. Those who enter on May 31, 1948, and pursue successfully the accelerated program will be graduated in January or May, 1951, depending upon the degree of acceleration at which each can successfully pursue his studies. If the same persons should enter college in September, 1948, and omit summer sessions, they could not be graduated before May, 1952. It is, therefore, possible to save from one year to one and one-half years in completing one's college course by taking full advantage of summer sessions, and at the same time to effect some reduction in the total cost of one's college course.

Applicants for admission should submit the preliminary application for admission provided on page 12, and should request a copy of our annual bulletin. This publication provides rather complete information regarding curricular offerings, admission regulations, and other matters of general interest.

## COURSES

The schedule of courses offered for the summer session of 1948 appears on pages 8-11. Descriptions of these courses are found in our annual bulletin, a copy of which will be mailed on request. The courses have been selected and arranged to meet the needs of entering freshmen, students already pursuing the accelerated program, teachers in service, and veterans. Courses not scheduled will be made available, so far as possible, if sufficient demand should arise.

Summer session courses are taught by regular members of the College faculty, and are in all respects equivalent in scope and thoroughness to courses offered on the usual semester basis.

## COMPREHENSIVE EXAMINATIONS

It is required of each candidate for a degree that he pass comprehensive examinations in his major and minor fields. Students completing degree requirements during the summer session in 1948 will take these examinations during the week of August 9 to 13.

## COMMENCEMENT

Students completing degree requirements during the summer session will be graduated on August 20.

## HOUSING

College residence halls remain open for the summer session.

Rooms in residence halls are furnished, except for linens, blankets, rugs and curtains.

Students desiring accommodations in College residence halls should make reservations as early as possible.

In order to obtain a reservation for the summer session it is necessary for a student in residence, or a former student approved for readmission, to file a written request for a reservation and pay a deposit of ten dollars. An applicant for admission must submit with his request for a reservation and his deposit a complete application for admission. The deposit will be credited toward the student's housing charge for the summer session. The deposit will be refunded only if the student gives written notice of surrender of reservation by April 1.

College women not living at home are required to live in College residence halls. Under very extraordinary circumstances the Administration Committee may authorize an exception to this rule.

## EXPENSES

The charge for room is $18.00 per term of six weeks, except that in the new wing of Agnes Howard Hall the charge is $21.00.

The College Cafeteria will remain open during the summer session. Students pay for each meal as served.
